IT SUPPORT · SYSTEMS · AUTOMATION

Christian David Villar Colodro

IT Operations & Support Specialist

L1/L2 Support · Systems & Infrastructure

IT experience. A systems view. A builder's mindset.

Málaga, Spain +34 601 75 54 38 christiandvillar@gmail.com LinkedIn

IT Operations and Support professional with 15+ years of experience in multi-site enterprise environments. Windows administration, Active Directory, Microsoft 365, incident management, hardware and network troubleshooting, and IT service delivery. Proven ability to coordinate infrastructure deployments and contribute to internal technology projects. Complemented by Systems Analyst qualifications and Full Stack development training, with knowledge of Python, SQL, JavaScript, and REST APIs.

15+	2,000+	150–200
years in IT support	users across multiple campuses	incidents resolved per week

PROFESSIONAL EXPERIENCE

Senior IT Support Technician

Pontifical Catholic University of Argentina · September 2008 – October 2023 · Multi-campus

- Delivered first- and second-line IT support across multiple university campuses, prioritizing work according to service needs.
- Handled a high volume of technical incidents through a corporate ticketing system.
- Managed Active Directory, Microsoft 365, Windows workstations, user access and network printers.
- Diagnosed and resolved hardware, software and network issues; supported workstation setup, deployment and ongoing maintenance.
- Supported computer laboratories, institutional events, video conferencing and streaming services, helping maintain continuity for users.

SELECTED ACHIEVEMENTS

- Led deployment of a distributed printing solution across 7 university campuses.
- Developed an internal inventory management application using Java and PHP.

Customer Service

Dumpling House, Málaga · December 2025 – July 2026

- Worked directly with customers in a fast-paced service environment, strengthening communication, prioritization and customer-focused problem-solving skills.
